

Addition — Putting Numbers Together

Addition of Whole Numbers

Duration 45 Minutes

Curriculum Punjab Textbook

☒ Teacher is here ☐ This class works on its own ☒ Grade 4 ☐ Grade 5

✦ Addition — Putting Numbers Together

Grade 4

Add two 4-digit and 5-digit whole numbers with carrying, up to a sum of 100 000.

Do dukan se cheezein khareedein — dono ke daam jorne ke liye kya karte hain?

3 250 + 1 780 — rupees saved in two months
12 400 + 9 600 — bricks for two walls

Grade 5

Add two 5-digit and 6-digit whole numbers with carrying, up to a sum of 1 000 000.

Do bade numbers jorte waqt carry kaise sambhalte hain?

145 000 + 82 500 — people at two cricket matches
236 400 + 190 600 — litres of water in two tanks

✦ Start · Hook — Whole Class

TIME: 0-5 MIN

pages: 1-2

✦ Step 1 · I Do — Teacher Teaches Grade 4

● TEACHER HERE Grade 4

Add $14\,273 + 8\,469$ on the board. Line up the places, add from the right, carry each time a column reaches ten. Say the carry aloud: 'three and nine is twelve — write two, carry one.'

○ ON ITS OWN Grade 5

Add in your notebook: $45\,231 + 38\,907 + 152\,640 + 74\,380$ (Mathematics 5, Exercise 2, page 4)

ALIGNING NUMBERS BY PLACE VALUE (GRADE 4 & 5)

Thousands	Hundreds	Tens	Ones	
1,	4	3	8	1. Write numbers one under the other.
			9	← ONES (Units) — Aligned Right
			4	← Correct Alignment (Column by Column)
2,	1	6		2. Align the Ones digits first (right-hand column).
				3. Ensure Tens, Hundreds, and Thousands align vertically.
↑	↑	↑	↑	
THOUSANDS	HUNDREDS	TENS	ONES	

Line Up The Places

✦ Step 1 · I Do — Teacher Teaches Grade 5

○ ON ITS OWN Grade 4

Add in your notebook: $3\,250 + 1\,780 + 12\,400 + 9\,600$ (Mathematics 4, Exercise 2, page 3)

● TEACHER HERE Grade 5

Add $236\,400 + 190\,600$ on the board. Line up six places, add from the right, carry through the Thousands and Ten-Thousands. Total: 427 000.

✦ Step 2 · We Do — Carrying Race

● TEACHER HERE Grade 4

Sums up to 5 digits with two carries.

● TEACHER HERE Grade 5

Sums up to 6 digits with three carries.

★ Step 3 · You Do, Then Close

● TEACHER HERE Grade 4

Add and check the carries: $24\,615 + 7\,398 \cdot 46\,720 + 39\,585$ (Mathematics 4, Exercise 2, page 3, Q3)

○ ON ITS OWN Grade 5

Add and check the carries: $348\,176 + 291\,934 \cdot 605\,208 + 88\,999$ (Mathematics 5, Exercise 2, page 4, Q3)

★ Carrying Race

DURATION: 27-35 MIN

Whole class. Teacher writes a two-number sum; the first pair to add it correctly with every carry marked wins a point.

★ Line Up The Places

Write the numbers one under the other so Ones sit under Ones, Tens under Tens, Hundreds under Hundreds. A neat place-value column is half the work.

ALIGNING NUMBERS BY PLACE VALUE (GRADE 4 & 5)

Thousands	Hundreds	Tens	Ones	
1,	4	3	8	1. Write numbers one under the other.
	5	2	9	ONES (Units) – Aligned Right
2,	1	6	4	Correct Alignment (Column by Column)
				2. Align the Ones digits first (right-hand column).
↑	↑	↑	↑	3. Ensure Tens, Hundreds, and Thousands align vertically.
THOUSANDS	HUNDREDS	TENS	ONES	

Line Up The Places

★ Add From The Right

Always start at the Ones column and move left: Ones, then Tens, then Hundreds, then Thousands.

✦ Carrying — Ten Ones Make One Ten

When a column adds to ten or more, write the Ones digit and carry the extra to the next column on the left. Ten Ones become one Ten; ten Tens become one Hundred.

✦ Concept Note

Addition means putting two amounts together to find the total. We line up the places and add column by column from the right, carrying to the next place when a column makes ten or more.

✦ Carrying Race

DURATION: 35-42 MIN

2 min with Grade 4 <-> 2 min with Grade 5. Never more than 3 minutes with one class.

✦ Carrying Race — Whole Class

● **TEACHER HERE Grade 4**

Add and check the carries: $24\,615 + 7\,398 \cdot 46\,720 + 39\,585$ (Mathematics 4, Exercise 2, page 3, Q3)

○ **ON ITS OWN Grade 5**

Add and check the carries: $348\,176 + 291\,934 \cdot 605\,208 + 88\,999$ (Mathematics 5, Exercise 2, page 4, Q3)

✦ Step 3 · You Do, Then Close

● **TEACHER HERE Grade 4**

Today we added 4- and 5-digit numbers, lining up the places and carrying when a column reached ten.

○ **ON ITS OWN Grade 5**

Today we added 5- and 6-digit numbers, carrying through several places up to a sum of 1 000 000.

✦ Exit Check

a) Add $18\,476 + 6\,559$.

→ $25\,035$ — the Ones, Tens and Thousands columns carried.

b) Which columns needed a carry?

c) Add $274\,683 + 158\,429$.

→ $433\,112$ — four carries.

d) How many carries did you make?

✦ Additional Resources

chalk

place-value chart

bundles of sticks and loose sticks for carrying

✦ Homework

Grade 4

Mathematics 4, Exercise 2, page 3, Q3 (e) to (h):
add $15\,342 + 8\,679$, $27\,508 + 6\,495$, $41\,260 + 38\,917$, $53\,084 + 29\,636$.

Grade 5

Mathematics 5, Exercise 2, page 4, Q3 (c) to (f):
add $249\,187 + 163\,425$, $508\,640 + 291\,076$, $376\,519 + 84\,288$, $612\,903 + 187\,099$.

✦ Record and Send
